Voler's in-house designers are ready to make your jersey design come to life. You will be teamed up with a Designer that will take care of your art details from start to finish. We can accept your ideas from a rough sketch, or digital files from your own designer, and everything in between. Our "all-inclusive pricing" means that our art time is included in the price of your garments.

Macintosh Format

We use a Macintosh format and will generate your art in Illustrator. We will need all of your sponsor and team logos in a digital format. We do have an extensive logo bank of cycling industry and national company logos. Please call and check to see if yours are already in our library.

Logos

Your sponsors can e-mail logos directly to us. Make sure that your team or club name is indicated with these files. Please note that Web site graphics are not considered art-ready and are unusable. Logos that need re-creating will be made with care, but can differ from the original. Occasionally, your artwork needs may exceed our allotted time frame. A \$60.00 per-hour excessive art charge will begin after it has been discussed with you.

Sending Art Files

If you are sending art files to us, we gladly accept Illustrator files, with the fonts converted to paths/outlines. Graphics used in other formats may need special attention, so give the Art-Department a call for instructions. We are available to answer your questions at any time and are happy to check the progress of your artwork. Send a jpeg or pdf to design@voler.com for an "art check."

Proofing

Our proofing process insures that you will see every detail. The fabric color swatches that will be sent need to be close at hand during this time. The first round of proofs are sent to you via e-mail. When all the details are worked out, we will send you full-size proofs for your final approval. Fax or e-mail back our "Approval Sheet" when you are completely satisfied, and your work is done!

Please be aware that as the manufacturer of your garments, the Voler logo will appear on the chest of your tops, and on the front and back of your bottoms.
